

# Learn the Most Cost-Effective Ways to Protect Your Most Critical Information

## Business Continuity and Disaster Recovery Breakfast Seminar

Ignition Ltd. is joining forces with Columbus Networks, Continuity Services Ltd., and eCommerce Park to deliver an exclusive complimentary event. This invitation only Business Continuity and Disaster Recovery seminar will provide the information you need to make prudent decisions about your critical data.

You will learn about the best Disaster Recovery facilities available to organizations in the Caribbean. We have waited a long time for advanced technology like this; and now it's here at a surprisingly affordable price.

### This ninety minute seminar will cover:

- Existing high capacity redundant fiber infrastructure in the Caribbean with connections to the USA. Multiple paths to other Caribbean islands with intra-island response times mean **you are always connected.**
- eCommerce Park Data Center, a Tier III disaster recovery site in Curacao. Put your critical data in **the safest place in the Caribbean.**
- Off-Island Managed IT Services and Seamless high speed Off-Island Data Vaulting. No huge capital outlay for equipment and trained staff; we do that for you at **a fraction of the cost.**
- Recovery Planning. Use Business Impact Analysis to determine the subset of your data that should be protected with off-island storage. **Bullet-proof protection for your most critical data.**
